

NORTHUMBEAR'S NORTHUMBERLAND DAY SEA SHANTY

On the horizon, what do we see?
Four landlubbers, me plus three
There's yellow and red
And jelly for tea
The county colours we love so!

So hoist the flag for Northumberland Day
And plenty of joy will come your way
So hoist the flag for Northumberland Day
And join my happy gang, oh

The day is looking fast for me
I'm a bear with finery
Yellow and red means all to me
It makes me look my best, oh

So hoist the flag for Northumberland Day
And plenty of joy will come your way
So hoist the flag for Northumberland Day
And join my happy gang, oh

If you don't now join my crew
We can't be looking out for you
And your day might be just 'poo'
Instead of being happy

So hoist the flag for Northumberland Day
And plenty of joy will come your way
So hoist the flag for Northumberland Day
And join my happy gang, oh

So have you heeded my advice
Joining us would be so nice
You could do that in a thrice
Just wave some red and yellow

So hoist the flag for Northumberland Day
And plenty of joy will come your way
So hoist the flag for Northumberland Day
And join ... my ... ha-ppy gang, oh
